### Global Missions

#### Project 42

With a frontline fund investment, there has been the safe extraction of multiple workers during wartime in the Israel, Lebanon, and Syria regions. We have helped give respite to workers who were being worn down by constant war. Each one has since returned to their post and is serving the unreached faithfully in uncertain times for their regions.

- 82 new Frontline Partners have been added, totaling over 420 frontline workers and organizational partners.
- 101 people groups were removed from the “unreached” list according to leading data sources.
- Nearly 200 language groups that had no scripture were engaged for the first time, and the first verses were translated into their language, with many more books of the Bible to follow.
